ANYADIEGWU NZUBE VICTOR

Graduate Architect | Architectural Designer | Site/Construction Professional

victoranyadiegwu@gmail.com | +234 907 487 3170 | Awka, Anambra State, Nigeria |

PROFESSIONAL PROFILE

Graduate architect offering 3+ years of hands-on experience across design development, site supervision, and project documentation. Experienced in translating architectural design concepts into practical construction solutions, coordinating site activities, interpreting technical drawings, and monitoring construction work for quality and compliance. Proficient in **ArchiCAD, AutoCAD, and Enscape,** with practical knowledge of architectural detailing, building construction methods, materials, and site coordination. Prepared to bring proven technical and on-site expertise to dynamic architectural, real estate, or construction teams to support high-quality project delivery.

WORK EXPERIENCE

Graduate Architect (Architectural design & Site supervision) **Oct 2024 - Sept 2026**
Maxiplan associates || Awka, Anambra state.

- Produced 80+ comprehensive technical drawing sheets and 3D Enscape models across 5+ diverse developments (residential, commercial, and mixed-use), maintaining 85% adherence to design specifications under senior supervision.
- Directed 11+ site artisans through earthworks, masonry, carpentry and concrete casting driving 95% compliance with structural and architectural drawings.
- Executed 5+ site setting-outs, 4 staircase markings, and 4 slab decking-level checks, reducing site alignment errors by 15% and ensuring exact drawing-to-site translation.

Architectural intern (site & design) **Feb 2021 - Sept. 2022**
Maxiplan associates || Awka, Anambra state.

- Contributed to 4 residential projects (including 4-bedroom and 5-bedroom bungalows) by producing 25+ technical drawing sheets and 3D Enscape renders, achieving 90% accuracy in CAD drafting under senior guidance.
- Directed 7+ site artisans across foundation stages, enforcing strict compliance with technical specifications and cutting alignment errors by 15% while improving daily task completion efficiency by 20%.
- Assisted senior architects in executing precise site setting-out, staircase marking, and decking level inspections, maintaining 95% dimensional accuracy against master plans.
- Participated in project execution from initial ground setting-out through to roofing and interior/exterior finishing driving 98% task completion on projects reaching the handover phase.

Architectural Trainee **Oct 2019 - Feb 2020**
Hexicon architectural firm || Awka, Anambra state.

- Acquired practical skills on architectural working drawings using AutoCAD, ArchiCAD, and Enscape across 5+ projects maintaining 95% compliance with company standards.
- Gained hands-on site experience assisting senior architects with structural setting-out and directing 10+ site artisans, maintaining 85% drawing compliance on active construction sites.
- Tracked site material logs and submitted 40+ visual progress reports (photos/videos), cutting reporting delays by 20% thereby resolving site issues faster and speeding up decision-making for senior architects.

PROJECT EXPERIENCE

Mr. Micah Nnabuike's Residence Project | 5-Bedroom Duplex — Residential Building

Role*:* Graduate Architect | **Firm**: Maxiplan Associates | **Location:** Ezinifite, Anambra State, Nigeria

- Interpreted the architectural brief and developed a 5-bedroom residential duplex from initial design concepts (sketches) to comprehensive working drawings, ensuring design intent was clearly communicated for construction execution.
- Produced complete architectural working drawing packages including floor plans, elevations, sections, construction details, and door/window schedules to clearly communicate design intent for on-site execution.
- Supervised full-cycle site construction by directing artisans through initial setting-out, excavation, concrete blinding, blockwork, roofing, and plastering, ensuring 95% drawing compliance and high workmanship standards.
- Monitored work in line with the architectural drawings, identified and solved site-level issues, and communicated construction challenges and progress updates back to the firm through videos and photographs.

Prof. Godwin Nwabueze Okeke | **6**-Bedroom Duplex — Residential Building

Role: Graduate Architect | **Firm**: Maxiplan Associates | **Location***:* Amawbia, Anambra State, Nigeria

- Supported design development by generating detailed architectural working drawings and Enscape 3D renders, while monitoring daily site activities to ensure 90% compliance with technical drawings and design specifications.
- Supported senior architects with on-site setting-out and layout implementation, organized and supervised artisans to ensure drawing compliance, tracked material records alongside visual progress reports to my senior architect.
- Carried out the on-site marking and layout of the staircase under the senior architect's instructions, took levels during the decking stage with subsequent supervision and verification by the senior architect.

EDUCATION

HND in Architectural Technology
Federal polytechnic oko, Anambra state, Nigeria **Aug 2023 - Dec 2025**

ND in Architectural Technology
Federal polytechnic oko, Anambra state, Nigeria **Nov 2018 - Aug 2020**

TECHNICAL SKILLS

- CAD/BIM Software: ArchiCAD (Advanced), AutoCAD (Advanced)
- Visualization: Enscape (Intermediate)
- Office Tools: Microsoft Word, Excel, PowerPoint

CORE COMPETENCIES

- Architectural Design & Development
- Working Drawings & Documentation
- 3D Modelling & Visualization
- Architectural Detailing
- Estimation of Materials & Documentation
- Technical Problem Solving
- Site Supervision & Inspection
- Material & Quantity Assessment
- Construction Coordination & Management
- Client & Contractor Coordination
- Team Collaboration
